

High Density Pipeline Integrity Protecting Environmental System (HDPIPES)
Cathodic Protection System Available
 - Patent Pending

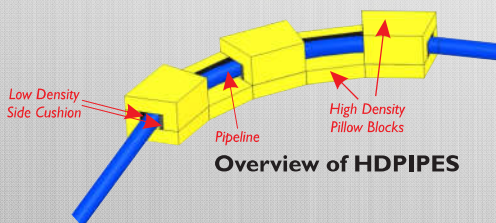

BENEFITS

- ✓ Pipeline Integrity Protection
- ✓ Pipeline Stress Reduction Expansion Control
- ✓ Pipeline Load Reduction Crossing Protection
- ✓ High Density Pipeline Support Systems
- ✓ Pipe Separation and Frost Lock Prevention Systems
- ✓ Setting A New Industry Standard For Pipeline Environmental Protection Systems

HDPIPES include a low density side cushion to allow for thermal expansion

HIGH DENSITY PIPELINE SUPPORT PILLOWS

- We use the Highest Quality Foam & State of the Art Equipment in the Manufacturing of all of our Pillows to Ensure Consistent Foam Density, Shape & Superior Performance
- Our Pillows are Safe, Lightweight, Easy to Use & Stack
- Compressive Strength Tested

Manufactured by:

OUR STANDARD STOCKED SIZES

STANDARD

22" Wide
33" Long
9" High

LARGE

28 1/2" Wide
39 1/4" Long
17" High

EMBEDDED ROCK SHIELD REINFORCED WEDGE

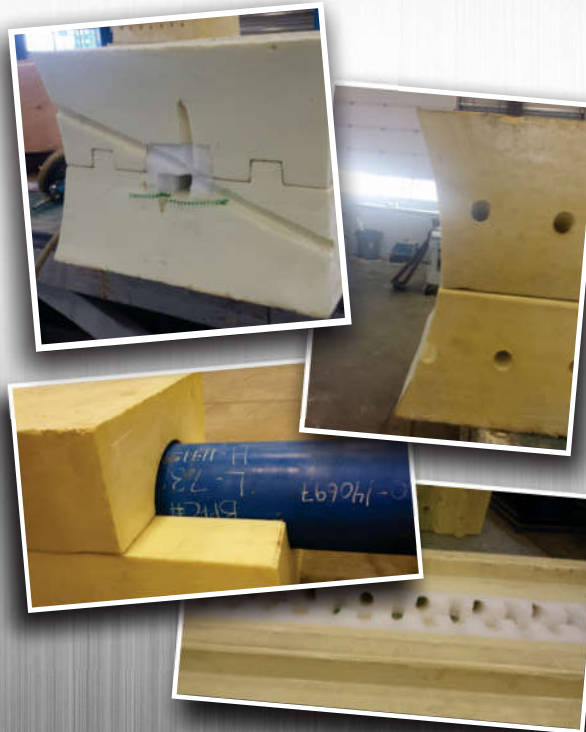

22" Wide
33" Long
9" - 0" High

Our Tested Pillows Exceeded
127.5 kN or 28,687.5 LBF
(Converted)

Hardened Surface, Anti-Cathodic
Shielding Systems Available

Custom Pipe Support &
Protection Available

Delivery and Trailer Storage
Rental Available
